Schedule for Structural System Changes

The release schedule does not represent critical or high priority bug fixes, and patches that may occur on an as-needed basis.

Price & Structural Changes may include price changes, changes to postage statements, changes to Mail.dat and Mail.XML file specifications, and other changes that may require software vendors to update their software. These releases may also contain limited changes to functionality.

Non-Structural Changes may include new functionality and defect corrections. These releases will NOT include any changes to postage statements, changes to Mail.dat and Mail.XML file specifications, and other changes that would require software vendors to update their software. The Postal Service intends to file with the PRC Market Dominant and Competitive prices in October 2014.

The Release Numbers for the January 2015 release are:
